

TV – Glitterfox

[intro: Dbm Gb Dbm Gb E B Gb Gb]

Dbm B Gb

Take me higher to that holy fire

E B Gb

I can't find the spirit anymore

Dbm B Gb

The sun is setting and these days are getting

E B Gb

Harder just to make it out the door

E B

And I'm staring at the TV, like something's going to reach me

Gb Abm Gb

Like someone's gonna turn and call my name

E B

Drowning in my own bed, locked up in my own head

Gb Abm Gb

Waiting on a color besides this gray

Dbm B Gb Gb E B Gb Gb

Dbm B Gb

Secret places and the ragged faces

E B Gb

Find me in the mirror every time

Dbm B Gb

A faded city, used to shine so pretty

E B Gb

Now she's just a broken highway sign

E B

And I'm staring at the TV, like something's going to reach me

Gb Abm Gb

Like someone's gonna turn and call my name

E B

Drowning in my own bed, locked up in my own head

Gb Abm Gb

Waiting on a color besides this gray

E B

And I can feel the fire, dancing on a wire

Gb Abm Gb

But honey I can see the long way down

E B

Screaming at the TV, why can't somebody see me?

Gb Abm Gb

Spend another day in the lost and found

[Outro: E Gb Abm (x4) then last line Abm Gb E x3]
